## PROFESSIONAL SUMMARY

Experienced software professional and master's student in Computer Science at the University of North Texas. Proficient in Java, Python, C++, Tableau, Skilled in implementing algorithms, seeking a challenging role to leverage my technical fluency and critical thinking skills to drive innovation and contribute to your team's success.

## EDUCATION

University of North Texas | Denton, Texas

Jan 2023 – Present

**Master Of Science | Computer Science** | ABET accredited

GPA: 4.0

**Relevant Course Work:** Wireless Networks, Analysis of Algorithms, Machine Learning, Data Mining, Data Visualization

## TECHNICAL SKILLS

**Programming Languages:** Java | Python | C | C++ | R Programming

**Tools & Technologies:** Power BI | Tableau | D3.js | HTML | CSS | JavaScript | PHP | SQL | React | Git | Microsoft Suite

**Databases:** MySQL | Oracle

**SAP Modules:** ABAP | SD | LE | MM | EWM

**CERTIFICATIONS:** Microsoft - Azure Data Fundamentals (DP-900) | Microsoft - Azure Fundamentals (AZ-900)

## EMPLOYMENT EXPERIENCE

University of North Texas Denton, TX

Jan 2023 – Present

Role: **Student Assistant**

- Administered and monitored over 100 exams, provided technical support to over 500 candidates, and collaborated with professors to enhance testing procedures and address issues.
- Assisted in enhancing University's **People Soft ERP** system performance. Achieved a 20% improvement in load times and increased student engagement by 15% through enhanced user experience and functionality.

INFOSYS LTD HYD, INDIA

Nov 2020 - Dec 2022

Client: **COCACOLA HELENIC**

Role: **Senior Systems Engineer**

- Led three full-scale **SAP SD** implementations, improving processing efficiency by 20% and benefiting over 1,000 end-users through effective planning and execution.
- Managed SAP SD integration with **MM**, **LE**, and **EWM** modules, boosting cross-functional efficiency by 15% and reducing month-end closure times. Developed and delivered tailored training for 100+ end-users, enhancing SAP SD utilization and increasing adoption by 20%.
- Played a key role in identifying and implementing process improvements, resulting in a 25% reduction in project implementation timelines.
- Collaborated extensively with cross-functional teams (**CPI**, **ABAP ODATA**) to integrate Electronic Data Interchange (**EDI**), with a focus on identifying strategic integration points, mapping third-party logistics, and engaging in high-level problem-solving.

Incline Inventions PVT LTD HYD, INDIA

May 2019 – June 2019

Role: **Software Developer Intern**

- Developed strong skills in **React**, **HTML5**, **CSS**, and **JavaScript** to create interactive web pages and supported senior developers in building client-specific web applications.
- Enhanced customer satisfaction by effectively presenting designs and incorporating feedback and assisted in improving website performance and user experience through debugging.

## PROJECTS

**COVID-Ecommerce Insights: Analyzing the Impact**

Jan 2024 – May 2024

- Led the development of interactive visualizations using **D3.js** to explore correlations between COVID-19 trends and e-commerce sales, managing data integration and leveraging **Tableau**, **Power BI** for comprehensive cross-dataset analysis.

**Texas Online Health Appointment System**

Aug 2023 – Dec 2023

- Led a team to develop an online appointment booking website using **HTML**, **CSS**, **Java**, **Spring Boot**, and **MySQL**, implementing **Agile methodologies** and ensuring high-quality through rigorous testing.

**Machine Learning for Enhanced Healthcare Diagnostics**

Jan 2023 – May 2023

- Developed a predictive model for accurate medical diagnostics using advanced machine learning techniques, managing data preparation, algorithm testing, and overall project execution independently.

## AWARDS

- Received Certificate of Excellence from Infosys for Exceptional Performance and Valuable Contribution.
